

The Gift of our Great Mother

(The Circle of love).

Know I am your Mother.
You are my child
I am the universal love
I am always around
You are always surrounded by me.
I have always been with you from the beginning.
All your life comes from my Womb
and is born into love
it is through me you are conceived
and grown into my Womb.
The mother cooky is nurturing you
surrounded by love of the Estrogen
Supported by the Fruit-water
And connected with the Umbilical cord.
expelled with the help of Oxytocin
protected by the Vernix
and nurtured by the Milk.
Your Blood will recreate you.
Through me you can be on this earth.
To learn to love, to seek me out.
you find me inside yourself.
I will be in your heart
yours and mine will be as one.
throughout eternity.
I am your Mother
you are not alone
I love you
you always will be under my protection
Anything you need is inside of you
You can always ask me.
